The Finest Pyrotechnical Display Wheel-ing Ever Saw.

Word was received yesterday that the fireworks to be used on the night of the big Columbian Fourth had been shipped from the factory. The display to be made will far surpass anything in the same line that was ever attempted in Wheeling. There is not a piece that is not dut of the ordinary and well worth seeing. The following programme covers what will be shown, but it may be varied from in some respects as to the order of the display:

The officers of the Wheeling & Belment Bridge Company have informed the Columbian Fourth of July committee on grounds, that in the event that the evening display of fire works is fired at any point on the Island, they will throw open the suspension bridge to foot passengers free of cost during the evening of the Fourth, so all can see the display without paying bridge fares. The offer is certainly a liberal one. The committee is still on the hunt for suitable grounds, and has not yet made a decision.

A FINE NEW BANNER

#### A FINE NEW BANNER

Received by the Alsace-Lorraine Society of this City, The Alsace-Lorraine Mutual Benefit Society yesterday received from Cincinnati its new banner, as handsome and striking a thing of the kind as has ever been seen hereabouts. It is of heavy white silk double and elaboratelyornamented with gold lace and fringe. The banner bears on one side two strongly drawn female fighters represtrongly drawn female fighters representing Aleace and Lorrane, and beneath them the French legend, "Comrage at Espain." On the same side is "Societe de Secours Mutuels Alsace-Lorraine, Wheeling, W. Va." On the reverse a mother sits under the furled folds of the flag of France hugging her child to her bosom, and beneath is the legend, "L' Alsace en Deuil," Alsace in morning. The staff will be surmounted by the American earle. The members are very proud of the new banner, which is to make its first public appearance in the Fourth of July parade.

#### IN FORTY-FOUR HOURS.

Oscar Smith Reached Cincinnati Last Night in Less Thun Two Days. Precial Dispatch to the Intelligences

CINCINNATI, June 28 .- Oscar Smith, the Wheeling cyclist, who left Wheeling at 12:01 o'clock Tuesday morning, reached here at 8:40 to-night, time forty-four hours, forty minutes.

From the above special telegram it will be seen that Oscar Smith, who on Tuesday morning started to ride to Cincinnati on his bicycle, a distance of 257 miles, in two days, did even better than that. His schedule, which was nublished in the INTRILIGENCE, called for his arrival at the Queen City at 4 o'clock yesterday afternoon. That he did not ride up to the time given in the schedule is no discredit to the plucky, rider; in fact, it is doubtful if the ride could be done in forty hours. Smith started out to do it in forty-eight hours, and he succeeded, with a margin of over three hours. The ride is a remarkable one, surpassing anything done oven by that prince of hard riders, Harry Hilliard Wylie. His ride yesterday was from Columbus, a distance of 125 miles.

# UNREASONABLE KICKING.

The Delinquent Tax List Still Causing

Trouble.
The kicking about the publication of the delinquent tax list in the INTELLI-GENCER by ex-Sheriff Steenrod increases every day. People blame Mr. Steenrod very unjustly. The list of taxes due is made up by the assessors and given to made up by the assessors and given to the shoriff to collect. He is charged with the amount these lists show, and the law requires him to print a list of all he is unable to collect. Any uncollected taxes not printed in the list must be paid by him. The term "double assessment" seems to be strangely misunderstood. It slimply means that a man's property has been assessed twice, while he is ontitled to pay the tax but once. The second assessment is not paid, and must therefore go on the little list. The sheriff has no option about the matter, being required by law to print the delinquost list as it remains after the time for collecting taxes for the year expires. lecting taxes for the year expires.

# Public School Commencement.

This is the last day of the public schools. This evening in the Opera House will occur the annual commence-House will occur the annual commencement exercises of the grammar schools of the different wards, and to-morrow evening Lincoln school will have its commencement in the same house. The names and grades of the pupils who will take part in the programme have already been printed in the INTELICIANCEA. It goes without saying that the opera house will be crowded at an early hour, as is usual on these occasions.

Arion Soumernachtsfest.

This evening the Arion society will give a concert and sommernachtsfest at the park, commencing at 7:40 o'clock. The singing section of the society will render several choruses, one with Mr. F. Diegmiller as soloist, and the Opera House orchestra will play a fine selection of instrumental pieces. The admission will be by invitation. A special motor will leave the park for town at 11 p. m. and the last train at midnight.

To-day's Piente.

The Mark Twain Rod and Gun club's seventh annual pienic occurs this afternoon and evening on the State Fair grounds. There will be a foot race between Wongo, the Indian, and E. C. McClelland, a horse race, a speed contest between the Independent hose company, of Martin's Ferry, and the Powell-Rodewig Maule sporting hose team, of Bellaire, and other attractive features, and the attendance ought to be, and will doubtless be, even larger than usual. than usual.

Lawn Fete this Evening. Lawn Fete this Evening.

The lawn fete given by a number of charitably disposed girls of the Third ward for the benefit of John Simmons, the blind match peddler, will come oit this evening at the Johnson homestead, on Thirteenth street opposite the Cathedral. NO SETTLEMENT YET

Of the Wage Question by the Iron Associa-tion at Pittsburgh.

Privisuson, June 28.—The iron manufacturers and amalgamated workers held another coonference to-day, but were unable to reach a settlement on the scale question. Another conference will be held to-morrow. But two days more remain, and if the scale is not signed then the mills will all close down. Opinions differ as to the probable outcome. Many believe that the committee will agree before friday, while others are inclined to think the manufacturers are not anxious to sign the scale now and would prefer a suspension of work for a month or so until trade brightened up.

The 200 puddlers at the Æina mill struck to-day on account of the refusal of the firm to reinstate several discharged men, Manager Chulfant says if the men do not return at once, their places will be filled by non-union men. the scale question. Another conference
